

## FORENSIC APPLICATIONS CONSULTING TECHNOLOGIES, INC.

The following table is a partial list (May of 2000 forward) that details some of the Indoor Air Quality projects, (which includes Indoor Environmental Quality and Fungal, Bacterial Assessments) performed by Mr. Caoimhín P. Connell, Forensic Industrial Hygienist, with Forensic Applications Consulting Technologies. All projects are strictly confidential. However, in some circumstances, some of our work and reports have entered the public domain. In the following list, **blue lettering** indicates a link to the public domain report. The list does not include indoor air quality projects involving illegal drugs or drug labs (those projects are listed [here](#).) A list of Mr. Connell's IAQ projects from 1988 to 2000 are available upon request, and subject to a service fee.
